

Reflections#5

1. Please reflect on your learning experience in this course. Please write down the things you would recommend the instructor to KEEP if she gets a chance to teach the same course again.

- I enjoyed most or all of the readings and discussions in this class. They had variety and related to the course description. - thought provoking

- Historical Society visit was worthwhile

2. Please write down the things you would suggest the instructor IMPROVE.

- More focus on discussion of or activities related to the readings - more balance because we spent a lot of time on presentations of some readings while others were skimmed

3. Any other comments and thoughts to share with the instructor?

- I think that "Social Democracy" being taught by a Chinese citizen adds an interesting and relevant perspective
