LIN LIN – SPRING 2008

COMMENTS:

- Lin Lin is the first teacher I have had that has taught her class with such enthusiasm every day. I am very appreciative of the time she took on making sure I was able to understand and keep up with the class. Lin Lin took all the time necessary to help me in breaking assignments up in a “language” in which I could follow, no matter what the class activity was within the classroom. I was always able to feel comfortable knowing Lin Lin would be there to help.
- Great professor; very energetic! Very active (interactive) class! A lot of great ideas (lessons, units, activities) for when we are teachers. Lin Lin motivated us to always do more, do better...she challenged us and encouraged us to challenge our own students. Very effective class and teacher! Thanks Lin Lin!
- I found that the work in the class toward the end of the semester to be very overwhelming. It would have been nice to split up some of the larger assignments to be due earlier in the semester. I don't like group work. Lin Lin is more than fair about extending deadlines. Very helpful when asked to explain an assignment.
- This was truly my favorite class because Lin Lin made it engaging and she always kept my attention. I liked the assignments, they had a purpose. Overall, a wonderful professor! Awesome teaching ability.
- Lin Lin stimulated my desire to be an effective teacher. She has so much energy in the classroom. It is so refreshing to experience her enthusiasm for teaching. I loved how we studied Christopher Columbus the most. The projects were all very good learning tools. Lin Lin is fabulous!
- This was one of the best classes I have taken at Cortland. Lin Lin is the greatest teacher. Assignments were reasonable and will benefit me as a future teacher.
- This was a great course to take. The teacher challenged my thinking and gave insights on how to include every student no matter their needs.
- This is one of my favorite classes I've taken. Lin Lin does a great job in keeping the class organized and gives great feedback.

- This class was a great introduction to teaching social studies. It demonstrated how to incorporate fun activities into teaching social studies. I really enjoyed all the different activities we did, such as making statues, tug of war and practice lessons.
- By far one of the best teachers I have ever had. I loved the class and it was so much fun!
- Please make more of an effort to have course assignments remain unlinked as this is an unlinked block.
- Thank you for such a wonderful semester. You were great and taught your subject area very well!
- We did a lot of meaningful activities. Lin Lin gave us a lot of feedback. She cares and believes in us all. Best teacher ever.
- The class was very beneficial because it demonstrated many ways for me to teach. Many great ideas were modeled. Perhaps one less project – toward the end. It became pretty busy.
- Lin Lin is always very enthusiastic about all our assignments. She is always there to offer any help we need or advice. She is by far one of my favorite professors at Cortland. I have learned so much in this class that has helped prepare me as a future teacher.
- Lin Lin - you are a wonderful teacher. I thoroughly enjoyed having class with you this semester. Overall, your class was fantastic, but I do have one suggestion. You need to spread the assignments (big projects) out more evenly throughout the semester. It just got really overwhelming towards the end.
- Lin Lin is by far one of the best professors that I have had here at Cortland. Her enthusiasm definitely rubs off on her students. I learned to teach using multiple perspectives and I appreciate this new knowledge. She takes a lot of time and puts a lot of effort in making sure we grow as students and as future teachers and I appreciate her and her lovely personality!
