RE: Discretionary Salary Increase (DSI) Recommendation

Date: October 6, 2011

I have received the DSI recommendation put forth by Dean John Côttonne. Based upon the material submitted in your original DSI request, and on not having received an appeal from you, my recommendation to the President will be **Recommended**, the same as that given to you by your Dean. You should expect a letter from the President notifying you of his final decision.

The DSI process is a very difficult one, made even more so with limited funds. Your professional contributions and work for the College are highly appreciated. We are continually seeking other ways to recognize and reward faculty for their outstanding work. Any input that you can provide would be greatly appreciated.

cc: Andrea LaChance, Interim Dean
Cynthia Benton, Interim Department Chair
