

June 15, 2013

linlin@cortland.edu

Dear LinLin,

We are delighted to inform you that your proposal “Promoting Global Awareness Through a Unit on Immigration” has been accepted for presentation at the annual meeting of the International Assembly of NCSS on Friday, November 22, 2013.

Your proposal went through a blind review. Comments: I like how your study not only introduces best practice but also it is supported by empirical study you conducted and a conceptual framework. / A well-developed proposal on how teachers develop global awareness in students through the study of immigration. You propose to use inductive and deductive analysis and I would suggest that you write your methods section in this way.

As the lead presenter for your session you are responsible for ensuring that all individuals involved are aware that the proposal has been accepted and that they should update their membership status if their membership of IA is not current. The Membership Representative at NCSS can be contacted at 301-588-1800 ext. 111, Monday-Friday, 9AM-5PM E.T.

Also, please make sure that your co-presenters, if any, know that they must register for the conference by the pre-registration deadline of October 18. Online registration will open in June at www.socialstudies.org/conference

As International Assembly presenters you and your colleagues are eligible to attend the Luncheon (\$10 per person donation for an IA International Project). An Evite invitation will be sent to you closer to the date.

Congratulations again and looking forward to seeing you in St. Louis,

Carolyn and Frans

Carolyn O’Mahony
2013 IA-NCSS Conference Chair
