Cortland, NY 13045

Dear Lin:

Thank you for attending the Wine and Cheese Reception with a special focus on Transformational Education last Friday. I appreciate you taking time out of your busy schedule to meet with representatives from various committees across campus to learn what they do. It was a great time to network and meet new faculty and professional staff. Please consider joining one or more of these committees that the centers and institutes offer.

Thanks again for your interest in transformational education *for sharing your ideas!*

Sincerely,

Mecke Nagel, Director
Center for Gender and Intercultural Studies
