Hi, Lin Lin. I received your message and your emails. Thank you so much for all of your help. I really appreciate it. I've been trying to get in touch with my advisor at the community college so I can register for the course, but I forgot they are on break this week, so I will be getting a hold of her first thing on Monday. I picked up the papers and I will turn them in immediately, and I am going to email the department chair and thank her for her time and help aswell. Thank you again for all of your help and direction. I really, realyl appreciate it. Thank you!

Lauren

Subject: Sign up on the form taped next to my office

Hi, Lauren.

I left a message for you on your phone.

Please come and sign up on the form taped next to my office on the bulletin board. We need to complete the other form (white) to go with the green one. My department chair has approved it. Good news.

Thank you.
