Hello Dr. Klein, this is John D'Antonio from Groton. I was an adjunct professor there last semester and hope to again soon. Last night, Dr. Lin Lin's EDU480 class came to Groton at 5 pm to volunteer to do some teaching and help us raise money for a school in NYC that was greatly affected by Hurricane Sandy. The Cortland students did an outstanding job preparing lessons in a short time period and they also volunteered their time without having to do this for their class. I attached the lessons that they taught. Thanks again to Dr. Lin Lin and her class. The education program is doing well.  
PS-If there is any adjunct teaching positions available, I would be very interested!!

John D'Antonio

**Please arrive there by 4:30pm, Monday, Nov. 19  
so that we have time to set up anything we might need for the event.**
