

EDU 510.601
KIMBERLY ROMBACH – FALL 2007

COMMENTS:

- The way in which Dr. Rombach conducts her class is very effective. Also, the course work has been the most helpful in the program so far.
- Effective in presenting material for all levels of understanding. Very good at checking in to see if students understand the material.
- I really enjoyed this class and how you taught it!
- Very good class.
