About the Station

Before 1976 the Station was an AM carrier-current station the call letters where WCSU: We expected to retain the WCSU call letters but needed to submit 5 choices to the FCC in our application. WCSU was first, second WMLF (Station Manager Michael Flaster's initials), third WCJL (for Corey Leibow, the Program Director's initials), fourth, WRTC (the Chief Engineer, Dick Crozier's initials) and finally, as a joke, WSUC. As luck would have it, the first four call letters were already assigned. Good thing the FCC had a sense of humor.

WSUC officially went on the air on November 29th, 1976. Originally the station was given 90.7 FM. It wasn't until later that the station would migrate to its current address at 90.5 FM.

Currently, the station is located in the basement of Corey Union. While this was originally supposed to be a temporary location after the move from Brockway Hall six years ago, the station has yet to make another move.

In the upcoming few years, WSUC will be packing their bags and moving to a new permanent location. Next year, the Communications department will slowly move over to Cornish and Van-Huessen Hall, their new location. To coincide with this, the radio station will set up shop in the adjunct faculty offices on the corner of the hallway towards the Tomik facility.

As this move will take a few years, the radio station will be under temporary confines of a small studio. However, once the new studio is built, it will be a fantastic place for all students to participate. The station will include plexiglass windows so that students can see out into the hallway while they're broadcasting. The atmosphere will bring students closer together and encourage all to be apart of WSUC 90.5 The Dragon!

Events

Fall

Blood Drive (October 20th)
12:00 PM - 5:00 PM - Park Center

The blood drive is an annual event run by WSUC. Club members and students alike volunteer to donate their blood for people who are in dire need. Participants will receive an events credit towards participation in radio as well as free giveaways from the station.

Fall Fest (November 5th)
11:00 AM - 3:00 PM - Corey Union

Fall fest is a new tradition at SUNY Cortland. It takes all the aspects from the Spring Fling carnival and adds a fall feel to it. Events include pumpkin carving, bullriding, and other fun events. WSUC will be providing the music through their portable DJ system. DJ's are encouraged to sign up for an hour and share their musical taste with other SUNY Cortland students.

Cortaca Mic (November 11th)
6:30 PM - 7:30 PM - 'Chugger' Davis Stadium

The Cortaca Mic is a long standing tradition between WSUC and WICB (Ithaca's college radio station). It's a flag football game played by DJs from both competing radio stations. The event is a lot of fun and everyone involved gets a free WSUC t-shirt.

SGA Formal (December 3rd)
7:00 PM - 11:00 PM - Corey Function Room

Every year SGA holds their formal in the Corey Union function room. It is tradition that WSUC DJ's/Emcees this event. Master DJs sign up for allotted time slots to play music that everyone can enjoy.

Events (Continued)

Spring

WSUC BBQ
12:00 PM - 2:00 PM - Moffet Lawn

The WSUC BBQ is a free barbeque run entirely by WSUC. With food complements of ASC, the BBQ event is a local favorite. Eat some great food. Listen to awesome music. Throw around a frisbee or a football. It's a great time and we encourage everyone to come! Promotional items will be given away on a limited basis.

Senior Send-off
6:00 PM - 10:00 PM - Corey Function Room

Senior Sendoff is an annual event held in the function room for departing seniors. Food and drinks are served, including beer for those over 21. It's a great time to re-connect with fellow seniors before leaving school. WSUC provides music for the entirety of the event.

Spring Fling Carnival
12:00 PM - 4:00 PM - Moffet Lawn

The Spring Fling Carnival is on Spring Fling weekend, which usually coincides with the Spring Fling Concert. The carnival is known for its inflatable castles and fun games for students to play. WSUC DJs will be providing great music to keep the atmosphere fun and engaging.
